Arizona Town Hall is a private, statewide nonprofit organization that has been a catalyst for civic action, civil discourse, and consensus dialogue for 50 years. 2012 marks the organization's Golden Anniversary of convening diverse Arizonans to develop solutions for the state's most pressing issues. Recommendations from the 100th Town Hall on Civic Engagement are being shared through a special campaign in celebration of this significant milestone. The Forum on Civic Engagement and the important recommendations from the 100th gathering are a perfect way to mark this milestone and begin to shape Arizona's future — one individual taking action at a time.
