

VOLUNTEERS NEEDED

Be a part of something special!

Located at Loop 101 & Via de Ventura in Scottsdale

Do you want to share your passion about the natural world with others? Do you enjoy butterflies and fascinated with how bees buzz, ants live in a colony or how string rays swim so effortlessly? Are you outgoing and ready to have fun? We need you! We are seeking volunteers to support Butterfly Wonderland in providing interactive, helpful information to visitors. Watch as visitors get excited about insects, life cycles, and science.

Volunteers can greet visitors, help with handing out 3D glasses, assist in the Butterfly Emergence Gallery and Butterfly Conservatory, or in our desert critters and bee area. After completing training and background check, volunteers will act as interpreters by providing information to visitors and helping them make lasting memories as they leave Butterfly Wonderland.

All training is provided and volunteers are needed for 9 a.m. to 1 p.m. or 1 to 5 p.m. shifts.
