SALT RIVER PIMA-MARICOPA INDIAN COMMUNITY, Ariz. (July 26, 2012) – Ever since Styx emerged from a Chicago basement in the early 70's, they have set a standard for progressive rock music. The first band in history to release four consecutive triple-platinum albums, Styx has plenty of hits to keep fans rocking when they perform at Talking Stick Resort on Nov. 19. Fan favorites of the band include, "Blue Collar Man," "Come Sail Away." and "Too Much Time On My Hands."

Since its inception more than three decades ago the band has regularly changed its line-up, adding famed guitarist Tommy Shaw in 1975. With Shaw in place the band was able to break into the mainstream and went on to become a prototype for the arena rock movement. Still touring today, their timeless music continues to reach new generations of rockers, and fans young and old will not want to miss this amazing show of classic favorites and new hits that will rock the Showroom stage.
