HELP ENVIRO-KID FIND THE TOXIC DRUMS!

The Environmental Protection and Natural Resources Division (EPNR) is a Division of the Community Development Department (CDD). This Division was established to enhance the quality of life within the Salt River Pima-Maricopa Indian Community by protecting and preserving the land, ecosystems, wildlife, history, and natural resources of the Community.

PROTECT, RESPECT AND CARE FOR THE EARTH!

Volume 1, Issue 3
SRPMIC Enviro-Kidz

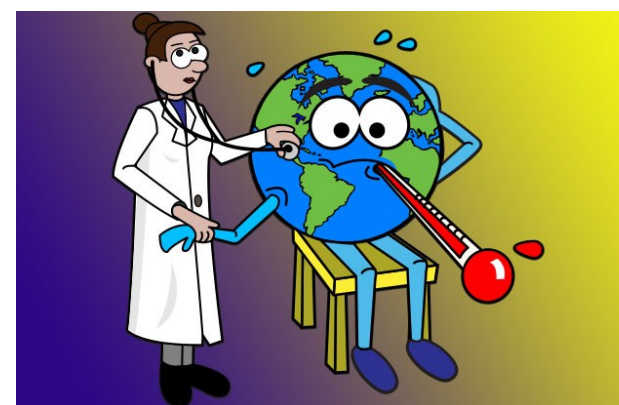

Another day to protect
the environment!

What do you know about Climate Change?

OUR WORLD IS ALWAYS CHANGING. IF YOU LOOK OUT YOUR WINDOW YOU CAN SEE THE WEATHER CHANGES DURING DIFFERENT HOURS OF THE DAY. THROUGHOUT THE YEAR YOU CAN ALSO SEE THE SEASONS CHANGING. NOW, HAVE YOU ALSO NOTICED THAT SOME SUMMERS SEEM LONGER? OR RAINIER? AND THE WINTERS CAN SEEM TO BE SHORTER?

THE EARTH'S CLIMATE IS CHANGING TOO, BUT IT IS NOT AS EASY FOR YOU TO SEE.

THE EARTH IS GETTING WARMER BECAUSE OF HEAT TRAPPING GASES CALLED GREENHOUSE GASES. A GREENHOUSE GAS IS A GAS IN THE ATMOSPHERE THAT ABSORBS AND REMITS RADIATION BACK UP INTO THE AIR. THESE GASES ARE CAUSING

WARMER TEMPERATURES AROUND THE WORLD CAUSING WORLD WIDE CLIMATE CHANGES, SUCH AS GLACIERS MELTING IN SOME AREAS, SEA LEVELS GOING DOWN IN SOME REGIONS AND RISING IN OTHERS, STRONGER STORMS AFFECTING NEW AREAS, OR WATER SCARCITY IN PLACES WHERE RIVERS USED TO FLOW. HUMANS ARE CAUSING THESE CHANGES BY PRODUCING GREENHOUSE GASES, AND BY BURNING FOSSIL FUELS (COAL, OIL, NATURAL GAS, FACTORY EMISSIONS, GAS FROM VEHICLES). LEARN MORE AT <http://www.epa.gov/climatechange/basics/>

ENVIRO-KIDZ TIP:

***HELP TO KEEP YOUR COMMUNITY CLEAN**

Help ME find ways to Protect the Environment!!

- 1. I WILL _____.
- 2. I WILL CREATE LESS TRASH BY RECY-CLING.
- 3. I WILL _____.
- 4. I WILL TURN OFF THE FAUCET WHEN DONE USING AND PREVENT WASTING WATER.

Greenhouse Gases

GREENHOUSE GASES TRAP HEAT IN THE ATMOSPHERE, AND CAN MAKE THE EARTH WARMER. GREENHOUSE GASES COME FROM ALL SORTS OF EVERYDAY ACTIVITIES, SUCH AS USING ELECTRICITY, HEATING OUR HOMES, AND DRIVING AROUND.

HUMAN ACTIVITIES HAVE BEEN RESPONSIBLE FOR THE INCREASE IN GREENHOUSE GASES IN THE ATMOSPHERE FOR MORE THAN A CENTURY.

THE FOLLOWING ARE THE MAIN SOURCES OF GREENHOUSE GASES IN THE UNITED STATES:
