Saturday, April 23

## *Veterans Representative's Thoughts*

by Amanda White

I would like to start off with all the initial embankments that the SRP-MIC Veterans Service Team has kick off. First we have embarked on-going efforts with the help of key Veterans Leaders within the Community on a Veterans Memorial Wall Project. Dating back from June 2021 since we had approved virtual meetings on this Project. Till now we have held two in-person meetings at Lehi Community Center with low assembling. We're looking forward to more participation at our next "In-Person" meets. Which you find in Newsletter. We are going to be making more announcements calling all Community Veterans and Family to this very important Project in our social media outlets soon, stay tune. Second embankment that is now an accomplishment of SRP-MIC becoming the first Native Community in the southwestern to be designated a Purple Heart Community. On the behalf of no other than the great help from our co department's teams. Engineering & Public Works Roads Team, Salt River Tourism Team, I.T Communications Team, Public Works Facilities Team, Administration A.C.E's, Community Relations Team and the Miss Salt River Committee Team. Thank you all for your contentious efforts to aid our program in highlighting our Community Veterans Recognitions into successful events. Heartfelt congratulations to you all. We have the deepest appreciation and respect for our Community Veterans who have made the great sacrifices in serving their nation and their community. It's a proud moment knowing people driving into the SRP-MIC will be greeted with the symbol of gratitude for our Warriors. I'm looking forward to our future events that will definitely recognize all other military awards and eras of the armed forces. Bringing more highlights to our Warriors who mostly deserve to be heard and be shared within the hearts of this community.

## *Upcoming Community Veterans Meeting*

### **Salt River**

Tuesday, April 12th at 11am  
@ Two Waters Building A, Level 3

**Tuesday, April 26th  
meeting is Cancelled**

### **Lehi**

Thursday, April 14th at 11am  
@ Lehi Community Building

**Thursday, April 28th  
meeting is Cancelled**

# SRP-MIC became a Purple Heart Community on March 21, 2022

The Purple Heart is specifically a combat decoration and it is our nation's oldest military medal. SRP-MIC has 27 Community Members that have been verified as Purple Heart Recipients. On August 7th is National Purple Heart Day, the nation pauses to acknowledge and remember the sacrifices made by the brave members of our military

**LET US NEVER FORGET**

If you missed our Purple Heart Unveiling Ceremony,  
it can still be viewed at

## THE SUMMIT PROGRAM FOR NATIVE AMERICAN VETERANS BEGIN YOUR CAREER IN TECH TODAY

### The Summit Program | Hesperus

The Summit Program is a full-time, 15-week, no cost technical training program that incorporates live virtual instruction, hands-on virtual labs, real-life application scenarios, and opportunities for certifications to prepare students for challenging networking and cyber tech jobs in any industry.

The inaugural Summit Program start date is Tuesday, May 31, 2022.

Hesperus is committed to empowering Native American veterans with opportunities through relevant training that leads to meaningful careers in tech.

This program is powered in part by Wounded Warrior Project® (WWP) to honor and empower post-9/11 injured service members, veterans, and their families

## WHAT WILL YOU LEARN

Successful completion of the Summit Program results in three CompTIA computer certifications – CompTIA A+, CompTIA Net+, and CompTIA Sec+, and job interviews with Hesperus Technology Partners. The Summit Program specializes in basic networking and cybersecurity technologies for entry-level information technology jobs.

In addition to technical curriculum, The Summit Program offers a variety of professional development opportunities. Hesperus provides Summit Program students opportunities to engage with technical mentors and industry leaders in a professional and technical capacity. Hesperus also partners with Summit Program students in career planning, professional skills-building (including resume writing and interview techniques), and job search strategies with our employment partner networks.

### TRAINING LOCATION AND HOURS

**LOCATION:** Virtual - You must have regular, dependable broadband internet access to take this course

**SCHEDULE:** The Summit Program takes place Monday-Friday 0800-1700 Arizona time

**DATES:** Please visit us at Programs – Hesperus for the most up to date information

### HOW DO I APPLY?

Visit us at [www.hesper.us/programs](http://www.hesper.us/programs) and fill out a Summit Program Information Request and we will contact you

#### Eligibility:

The Summit Program is open to all Native American veterans.

#### VETERANS MUST:

- Discuss The Summit Program with the Program Administrator to determine eligibility
- Submit a DD214 showing proof of military service
- Enrolled members of federal and state recognized tribes will be prioritized for admission
