

Reporting Wellness Participation via the MyWellPath Portal 6/24/2022

The process for WellPathians to report activity using the MyWellPath Portal has become easier. When WellPathians report participation, they will simply check a box, attesting that they have completed the activity they are reporting. No more uploading of simple evidence is required.

This is how it's done:

When you log into your home page click on *Activity* (#1 in picture below) to open the *report activity pulldown menu:*

Then click on Log Activity (#2 below) in the pulldown menu to open the Log Activity Window.
