## WellPath Prevention Incentives

SRP-MIC offers participants the opportunity to earn WellPath points by practicing prevention in their lifestyle. Those preventive practices which are considered to be: most helpful for maintaining health; prudent based on the individual; and which are most cost-effective have been endorsed for WellPath points.

WellPath provides the opportunity for employees to receive a 10 point Prevention incentive, twice per year for routine prevention exams/cleanings.

Visit [www.srpmic-nsn.gov/WellPath](http://www.srpmic-nsn.gov/WellPath) or scan the QR code to view our step-by-step guide on how to log your Prevention activity.
