

Patient-Centered, Outcome-Driven Care

The highly credentialed clinicians at Integrated Musculoskeletal Care (IMC) specialize in musculoskeletal care and are dedicated to helping you resolve pain, restore function, and get back to the life you love.

We provide you not only with excellent care, but with the tools and knowledge to minimize your pain.

Did you know? 82% of mechanical pain (pain affected by movement or position) can rapidly improve.

Integrated Musculoskeletal Care, Inc.
Scottsdale Location: 5635 N. Scottsdale Rd,
Suite 170 (Opening March 2018)

INTEGRATED MUSCULOSKELETAL CARE

PATIENT-CENTERED | OUTCOME-DRIVEN
MUSCULOSKELETAL CARE

Your Partners in Musculoskeletal Care

During your initial evaluation, your clinician will set up your individual plan of care. Together, you will map out your appointment schedule and benchmarks for your progress.

You will be provided with a custom self-care plan so that you can use what you learned in the clinic, at home! The goal of this plan is to accelerate your healing and reduce the risk of future recurrence.

"I had about resigned myself to being in pain for the rest of my days. What a welcome relief to find help. Every aspect of my treatment was positive and productive."
- Angie
