Once you have selected a reward the *Pending Redemptions* pane will appear towards the bottom of your screen with your selected reward displayed. You can see the name of the reward you choose, a brief description of the item chosen, the options you choose, the points required to receive the reward, the quantity you ordered and the total number of points redeemed corresponding to the quantity.

You can edit or delete your order up to the time MyWellPath redeems your points for the reward.

When the points are redeemed, WellPath will contact you using the email address you have entered for the employee's MyWellPath account. Arrangements will be made for the employee to pick up the reward or receive the reward at his/her work site.

A few important things to remember about WellPath points?

- Employee points are segregated from Family Points.
- The participating members on the health plan (family members) points are commingled.
- Employee points may be redeemed for incentives (determined by employer).
- Family points may only be redeemed for rewards.
- Three criteria must be met to redeem the employee's points:
 1. ABCs have been completed within 15 months (only adults complete ABCs)
 2. MyWellPath account is active and incentive preference declared.
 3. There are more than 25 points in the MyWellPath account.

Employees points are segregated from family members participating in the SRP-MIC-sponsored health plan. Family members points are commingled, meaning they are all combined together.

Employees may redeem their points for incentives determined by his/her employer. Incentive choices vary by employer. Employees designate their incentive preference using his/her MyWellPath account. The incentive preference can be changed anytime in MyWellPath.

Family members' points may only be redeemed for rewards, which are items found in the rewards section of MyWellPath. Employees may redeem his/her points for rewards. Family members' points may not be used by the employee.

Three criteria must be met and then MyWellPath will redeem the employee's points automatically:

- 1) The employee must complete the ABCs of Participation each year.
 - 1) Casino Arizona employees complete the ABCs in the **fourth** quarter of each year. Everyone else (SRP-MIC and other Enterprises) complete the ABCs in the **first** quarter of each year.
- 2) The employee's MYWellPath account is active and the incentive preference has

been set (changed from “*hold*” to something else).

- 3) The points balance in the account is greater than 25 points.

To redeem Family Points for reward the criteria is:

- 1) All adult dependents participating in the health plan have completed the ABCs .
 - 1) CAZ dependents complete the ABCs in the 4th quarter of each year, SRP-MIC and other Enterprise employees’ dependents complete the ABCs in the 1st quarter of each year.
- 2) The employee’s dependents have been enrolled through the employee’s MyWellPath account.
- 3) The points have been redeemed for rewards using the employee’s MyWellPath account
