

OPIOID AWARENESS & PREVENTION

Thursday, Nov. 21

6-7PM

ALA Lecture Hall
4827 N. Country Club Dr.

Opioids are a class of drugs that include synthetic opioids such as fentanyl; pain relievers available legally by prescription, such as oxycodone, hydrocodone, codeine, and morphine; the illegal drug heroin; and many others.

Use of opioids, either by themselves or in combination with other drugs, is a major driver of the drug overdose crisis in the United States. **The vast majority of overdose deaths in recent years involved illicitly manufactured fentanyl and other potent, synthetic opioids**, which may be added to other drugs and consumed unknowingly.

Join Soda With Security and hear **Monte Yazzie with SRPMIC Injury & Prevention** discuss important information about opioids. Become informed to protect your loved ones and your Community.

The Safe Schools & Security Department Presents

with

YOU COULD WIN!

The Safe Schools & Security team hosts FREE Soda With Security events every month!

Each event highlights important information Community parents and families will find relevant to their school-aged children.

Families who attend the most events during the 24-25 school year (Aug-May) will receive a special prize!

Soda With Security is a safe place to ask questions and get the answers you need. For more information, call Esteban Lopez, Safety & Security Manager, at 480-362-2511.
